

Nutrostim

Health and beauty for all animals

Nutrostim Gel with Evening Primrose Oil is a high calorie nutritional supplement in a concentrated form. It stimulates appetite and can be used in all animal species.

COMPOSITION

Nutrostim contains carbohydrates, vitamins, minerals, vegetable fats, liver extract, lecithin and Evening Primrose Oil.

Each 10g contains vitamin A 1000i.u., vitamin E 40i.u., thiamine HCl 10mg, riboflavin 2mg, pyridoxine HCl 5mg, vitamin B12 50mcg, vitamin C 5mg, nicotinamide 10mg, calcium pantothenate 10mg, folic acid 500mcg, choline 5mg, inositol 5mg, liver extract 50mg, evening primrose oil 110mg, fish oil 70mg, lecithin 300mg, manganese 2mg, magnesium 1mg, iodine 1mg, selenium 65mcg, iron 2mg, zinc 1mg. *Metabolic Energy (calculated on dry basis): 34 Kcal (min).*

INDICATIONS

- ✓ Stimulates appetite.
- ✓ Provides additional kilojoules needed during convalescence from illness and/or surgery.
- ✓ Provides extra source of energy for working and hunting dogs, cats, hamsters, guinea pigs, etc.
- ✓ Could also be given as a healthy treat to animals who are not ill.
- ✓ Can be used to mask the taste of tablets where the animal is reluctant to accept this dosage form.

DIRECTIONS FOR USE

7-10ml (1½-2 medicine measures) per 5kg bodyweight daily or as often as required. Dosage can be adjusted for smaller animals. **Nutrostim** is palatable and will be readily accepted. Squeeze **Nutrostim** onto finger and invite animal to lick it off. If the animal is too ill to show interest, open the animal's mouth and smear the gel on the gums.
